Erik Voronov

443-522-6304 edvoronov4@gmail.com Reisterstown, Maryland 21136

EDUCATION

Bachelor of Science in Computer Science
Towson University: Towson, MD — Expected: December 2026
Franklin High School: Reisterstown, MD — August 2019 – June 2023

WORK EXPERIENCE

Developer II
The Johns Hopkins University: Baltimore, Maryland — February 2026 - Present

- Design, develop, and maintain full-stack features for enterprise applications including the myJH project.
- Participate in Agile development cycles including sprint planning, code reviews, testing, and deployment support.

Technology Acceleration Group Intern
The Johns Hopkins University: Baltimore, Maryland — May 2024 – February 2026

- Developed features for the myJH project, including photo upload functionality for student profiles.
- Modernized an in-house application used for critical messaging testing by migrating from ColdFusion to AngularJS and Spring Boot, improving performance and maintainability.
- Debugged and resolved application issues in various platforms using TypeScript, AngularJS, Java, and Spring Boot in an Agile development environment.
- Maintained and updated WordPress websites to ensure optimal functionality and user experience.
- Provided technical support to end-users by verifying requirements, debugging, testing, documentation, and troubleshooting through JIRA.

Associate Network Technician
The Johns Hopkins University: Baltimore, Maryland — November 2022 – May 2024

- Diagnosed and resolved network and device issues in collaboration with various engineers, supporting reliable production environments.
- Led and supported infrastructure migrations from Cisco to Juniper, following change-management and best practices.
- Installed and replaced networking hardware, performed switch configurations, and conducted wireless surveys with Ekahau to improve connectivity and provide effective technical solutions.

SKILLS

- Programming Languages: Python, Java + Spring Boot, HTML/CSS/JS, AngularJS, TypeScript
- Development: Agile/Scrum, SDLC, RESTful APIs, debugging, testing, documentation
- Platforms: JIRA, myJH, ServiceNow Ticketing System, WordPress
